

Get your **STEM** on
with **ROBOTICS**

Build Robots.
Build Friendships.
Build Confidence!

For Grades 1-6

Build a love of STEM with Robotics at Sylvan! In this fun course, your child will learn how to build and program robots – all while making friends, developing new skills and having blast with STEM. Your child will enjoy the:

- **Hands-on projects** building and animating LEGO robots.
- **Creative exercises** that develop critical thinking skills and encourage an early love for science and engineering.
- **Small group teamwork** that creates energy!
- **Unique curriculum** that aligns with current education in the math and sciences.

Courses for only

\$199

**NEW COURSE
BEGINS:**

Nov 20th – Dec 5th

**Monday's and Tuesday's
from 5:00-6:00 pm**
