Purpose & Objectives

We are conducting a research project on recycling satisfaction and preferences of apartment tenants in; Clearfield, Layton, and Ogden City. We would like to invite you to participate in this project by presenting a short online survey to tenants. The purpose of the Apartment Community Sustainability Survey is to gather feedback from residents regarding recycling practices within our community. The objectives include identifying current challenges and gathering insights to improve recycling efforts. To ultimately promote environmentally-friendly practices.

Methods & Procedures:

Your apartment property participation in this project are for residential responses only, for research purposes. Data will be collected through an online survey accessible via QR code. Participants will be asked to answer a series of questions related to their recycling habits and experiences. Responses will be anonymized and analyzed to identify trends and areas for improvement.

Potential Benefits

Participating in the survey allows residents to contribute to the enhancement of recycling initiatives within the community. The feedback gathered will help inform decision-making and shape future sustainability efforts, ultimately leading to a cleaner and more environmentally-conscious living environment.

Participation Risks

There are minimal risks associated with participating in the survey. Participants may experience inconvenience when answering questions, but efforts will be made to ensure a quick and easy process. Residents are guaranteed confidentiality and anonymity.

Voluntary & Confidential Nature

Participation in the survey is entirely voluntary, and residents are free to decline or withdraw at any time without consequence. All responses will be kept confidential, and no personally identifiable information will be shared or asked under any purpose.

Rights & Responsibilities

Resident participants have the right to provide honest and accurate responses to survey questions. By participating in the survey, residents agree to abide by the terms outlined in the survey instructions.

--------------	---	---

1. Are you committed to providing accurate and truthful responses?
2. For classification purpose: Please enter your current place of residence.
3. Do you know where the recycle facility is located in your city?
4. On a scale of 1 to 3, how confident are you about visiting your local recycling facility? (1 being not confident at all and 3 being very confident)
5. What type of beverage container do you prefer to purchase?
6. Would you be more inclined to recycle if convenient options were available?
7. How do you rate the overall recycling systems currently in place?
8. What specific challenges do you encounter when trying to recycle in your community?
9. Would additional incentives make you more likely to recycle?
