Amphitheater Usage Policy

All events to be held in the Ed Kenley Centennial Amphitheater must meet the terms of this policy.

- Events are to uphold the mission statement of the Kenley Amphitheater: “To provide a quality venue sustained by excellence and community values. This is done by maintaining a safe, professional, and welcoming environment.”

- The Kenley Amphitheater is to serve as an outdoor venue for concerts and festivals, for private functions, as well as for frequent use by community arts organizations and others, to benefit all and enhance the quality of life.

- Events must comply with all local, state, and federal laws. This includes city ordinances that apply to the surrounding park areas.

- Layton City sponsored events take first priority in scheduling. This includes many of the events produced by the Davis Arts Council. Scheduling is open to the public after April 1st.

- Layton City has entered into a partnership with the Davis Arts Council to provide cultural arts programs and events to the citizens of Layton City; therefore the Amphitheater may not be used to host events that are in direct competition with events produced by the Davis Arts Council, or any other City Sponsored Event.

- All events are subject to the review and approval of applicable city departments to determine if they are in line with city policies, codes, and standards.
